S U M M A R Y

I I am a skilled and dedicated front-end developer with two years of professional experience in creating responsive and visually appealing websites. Combining strong technical expertise with creativity, I specialize in building user-friendly interfaces and delivering seamless user experiences. A collaborative team player with excellent problem-solving skills and a keen eye for detail, I am committed to producing high-quality web solutions

E X P E R I E N C E

WEB DEVELOPER

Arfa Karim Incubator Technology

- Developed intuitive user interfaces for dynamic web applications, optimizing performance and usability. Designed scalable solutions for e-commerce platforms and content management systems, enhancing user engagement.

WEB CONTENT MANAGER

- Developed and implemented content strategies to enhance website visibility and engagement. Managed the integration of SEO best practices and optimized user interfaces for better navigation. Worked with cross-functional teams to streamline content workflows and ensure timely updates across platforms

ANALYSIS CONTENT

- Conducted thorough analysis of website content to evaluate performance, identify trends, and optimize user engagement.
- Utilized data and analytics tools to assess content effectiveness and guide improvements in strategy.
- Collaborated with marketing and design teams to refine content, ensuring alignment with target audiences and overall business objectives.
